BEST OF DENMARK

A curated gateway for Danish brands into China

The idea:

Create a platform that introduces selected Danish brands, products and companies to the Chinese market - creating awareness, connections and business opportunities.

VICTOR/BEST OF DENMARK

- China market & cultural insight
- Strategy
- Chinese network & connections
- Business opportunities
- Danish companies & partners

SHMEL

- Concept & positioning
- Brand identity
- Website & digital experience
- Storytelling & content
- Creative direction

Potential value:

- Visibility in China
- Access to relevant connections
- B2B opportunities
- A stronger presence for Danish brands

Business model:

Companies pay to participate, be featured or activate campaigns through the platform.

CHINA READINESS/SPEEDRUN TEST

For: Danish companies considering entering China

Step 1: Understand the company + China opportunity

Step 2: Identify gaps - brand, positioning, storytelling, website, content, marketing, etc.

Step 3: Create a clear China-entry roadmap

Step 4: Execute the most important gaps/speed test

Victor/Best of Denmark: China market knowledge, insights, connections

Shmel: branding, marketing, creative, digital, research

Potential value:

Company does not spend resources of their inner team, and not losing too much money. They are just investigating market opportunity

Business model: paid assessment
→ follow-up projects

Shmel is a creative marketing partner helping brands turn their ideas into brands, campaigns and digital experiences.

A Danish furniture brand wants to enter China

Victor: identifies market opportunity, partners, channels and introductions.

Shmel: develops the creative concept, adapts the brand communication, produces campaign/content assets and builds the digital experience.

Together: the company doesn't have to find a Chinese market consultant + creative agency + production team separately.
